

Instructions for Orienteering Course

1. Select Course for you:
Never been orienteering before or want an easy course? Go Green
Feel confident in orienteering but don't want to do the miles? Go Yellow
Ready for a challenge and to put in some miles? Go Red
2. Print off the map and the correct clue card for your selected course or download them on your mobile device. Bring a compass, and a GPS if desired to Infirmiry Mound Park's Mirror Lake.
3. Find Point A on post near the lake parking lot.
4. Finding your pace: Count your steps of your right foot while walking from Point A parallel to the edge of the pavement to the North corner of the parking lot. Divide the number of steps from 30. The answer is your meter per pace. (Example: I took 20 paces from the post to the corner of the parking lot $30 \div 20 = 1.5$ my pace was 1.5 meters).
5. Now use your clue card to locate your next point by using the map, compass bearing, distance, and clue. Have fun.
