

# nature

## INVESTIGATION CARD

Create your own Leaf Man! Gather materials from outside like leaves, nuts, and seeds to build your own Leaf Man. The materials can be glued to construction paper or just left outside to blow away in the breeze! Leaf Man can be built anywhere! As you collect materials, write in your journal where you found them and create a story to go alongside your new friend. Share your Leaf Man and story with your friends and family so they can also create their own!

Share a picture of your Leaf Man and story on social media with the #lpdleafman to encourage others to create their own stories!
